1 **A Note From the Editor**

Original Articles

2 Determination of Airway Hyper-Reactivity in Asthmatic Children: A Comparison Among Exercise, Nebulized Water, and Histamine Challenge
Pieter R. Fourie and James R. Joubert

8 Forced Vital Capacity and Maximal Respiratory Pressures in Patients With Mild and Moderate Scoliosis
Amir Szeinberg, Gerard J. Canny, Nashed Rashed, Giuseppina Veneruso, and Henry Levison

13 Corticosteroid Treatment for Pulmonary Lymphoid Hyerplasia in Children With the Acquired Immune Deficiency Syndrome
Arye Rubenstein, Larry J. Bernstein, Morris Charytan, Ben Zion Krieger, and Micha Ziprkowski

18 Lung Growth in Rats Subsequent to Administration of Intraperitoneal Elastase During the First 4 Weeks of Life
Kozui Kida, Syuji Yasui, Masanori Utsuyama, A. Felix Ofulue, and William M. Thurlbeck

27 Intestinal Permeability to Chromium-51 Ethylenediamine Tetraacetic Acid in Children With Chronic Obstructive Respiratory Disease: Relationship With Clinical and Duodenal Biopsy Findings
Cl. Hoyoux, P.P. Forget, G. Borlee-Hermans, and F. Geubelle

33 Stimulus Parameters for Phrenic Nerve Pacing in Infants and Children
Robert T. Brouillette, Michel N. Ilbawi, Linda Klemka-Walden, and Carl E. Hunt

State of the Art Reviews

39 Noninvasive Determination of Respiratory Mechanics During Mechanical Ventilation of Neonates: A Review of Current and Future Techniques
Peter D. Sly, Karen A. Brown, Jason H.T. Bates, Sheldon Spier, and Joseph Milic-Emili

48 Current Techniques for Assessing Pulmonary Function in the Newborn and Infant: Advantages and Limitations
Sandra J. England

Case Report

54 Long-Term Continuous Positive Airway Pressure in a Child With Asphyxiating Thoracic Dystrophy
Wolfram Wiebicke and Hans Pasterkamp

59 **Correspondence**

63 **Book Review**

64 **Selected Abstracts**

69 **Pediatric Pulmonology News**

Volume 4 • Number 2

71 **Perspectives**

Original Articles

72 Derepressed Beta-Lactamase Production as a Mediator of High-Level Beta-Lactam Resistance in *Pseudomonas cepacia*
Stephen C. Aronoff

78 Respiratory Pattern at Hospital Discharge in Asymptomatic Preterm Infants
Joseph R. Hageman, Diane Holmes, Steven Suchy, and Carl E. Hunt

84 Cost Savings and Economic Considerations Using Home Intravenous Antibiotic Therapy for Cystic Fibrosis Patients
Robert E. Kane, Karla Jennison, Carol Wood, Philip G. Black, and John J. Herbst

90 Airway Responsiveness to Cold, Dry Air in Normal Infants
David E. Geller, Wayne J. Morgan, Kathryn A. Cota, Anne L. Wright, and Lynn M. Taussig

State of the Art Review

98 Periodic Breathing: Quantitative Analysis and Clinical Description
Daniel C. Shannon, David W. Carley, and Dorothy H. Kelly

Conference Report

103 European Pediatric Respiratory Society, Sixth Meeting, Helsinki, Finland, August 25–28, 1987

128 **Correspondence**

129 **Book Review**

131 **Pediatric Pulmonology News**

Volume 4 • Number 3

133 **Perspectives**

Original Articles

134 Relative Contribution of Ribcage and Abdomen During Augmented Breaths in Infants
Oommen P. Mathew, Maria L. Pronske, and Mark L. Clark

139 Ventricular Dysfunction in Children With Obstructive Sleep Apnea: Radionuclide Assessment
Asher Tal, Alberto Leiberman, Giora Margulis, and Shaul Sofer

144 Lung Pathology After High Frequency Jet Ventilation Combined With Low Rate Intermittent Mandatory Ventilation in a Canine Model of Meconium Aspiration
Martin Keszler, R. Scott Klappenbach, and Eileen Reardon

150 Evaluation of Neonatal Pulmonary Mechanics and Energetics: A Two Factor Least Mean Square Analysis
Vinod K. Bhutani, Emidio M. Sivieri, Soraya Abbasi, and Thomas H. Shaffer

159 Prevalence and Significance of Methicillin-Resistant *Staphylococcus aureus* in Patients With Cystic Fibrosis
Bernard Boxerbaum, Michael R. Jacobs, and Ronald L. Cechner

164 Histamine-Induced Airway Obstruction in Infancy: Changes in Oxygenation
Anne Prendiville, David L. Maxwell, Alison Rose, and Michael Silverman

169 Incidence and Implications of False-Negative Sweat Test Reports in Patients With Cystic Fibrosis
Vicky A. LeGrys and Robert E. Wood

State of the Art Review

173 Pulmonary Late-Phase Allergic Reactions
Stephen A. Blythe and Robert F. Lemanske, Jr.

Therapeutic Methods

181 Use of a Single Silastic IV Catheter for Cystic Fibrosis Pulmonary Exacerbations
Kenneth A. Dietrich and Jeffrey G. Lobas

Case Report

185 Alveolar Brush Cells in an Infant With Desquamative Interstitial Pneumonitis
Mary F. DiMaio, Renate Dische, Ronald E. Gordon, and Meyer Kattan

192 **Correspondence**

193 **Selected Abstracts**

196 **Pediatric Pulmonology News**

Volume 4 • Number 4

Original Articles

197 Comparison of the Protective Effect and Duration of Action of Orally Administered Clenbuterol and Salbutamol on Exercise-Induced Asthma in Children
A.L. Boner, G. Vallone, C. Brighenti, M. Schiassi, P. Miglioranzi, and C. Richelli

201 Comparison of Piperacillin Alone Versus Piperacillin Plus Tobramycin for Treatment of Respiratory Infections in Children With Cystic Fibrosis
James M. McCarty, Samuel J. Tilden, Phillip Black, J. Carl Craft, Jeffrey Blumer, William Waring, and Neal A. Halsey

205 Airway Obstruction and Airway Wall Instability in Cystic Fibrosis: The Isolated and Combined Effect of Theophylline and Sympathomimetics
Ernst Eber, Beatrice Oberwaldner, and Maximilian S. Zach

213 Effects on Respiration of CPAP Immediately After Extubation in the Very Preterm Infant
Bengt Andréasson, Magnus Lindroth, Nils W. Svenningsen, and Björn Jonson

219 Computer Analysis of Physical Factors Affecting the Use of the Interrupter Technique in Infants
Peter D. Sly and Jason H.T. Bates

225 Effect of Terfenadine on the Response to Exercise and Cold Air in Asthma
Wolfram Wiebicke, Aven Poynter, Mark Montgomery, Victor Chernick, and Hans Pasterkamp

230 Postnatal Development of Rat Lung Following Retarded Fetal Lung Growth
Ian Y.R. Adamson and Gillian M. King

State of the Art Review

237 Inflammatory Mediators of Asthma
William M. Abraham and Adam Wanner

Conference Report

248 Pediatric Pulmonology Workshop; Jerusalem, Israel, March 30–April 2, 1987
S. Godfrey and M. Klein
